

## LIGHTING SYSTEMS

### PRODUCT SPECIFICATIONS

### LED Lamps (Light Emitting Diode)

General Data					
Standard Compliance	SLS 1458 and SLS 1530				
Country of Manufacture	People's Republic of China				
Warranty	24 months				
Technical Data					
Wattage	3.5W	5W	7W	9W	12W
Cap Type	B22/ E27				
Rated Voltage (V)	220-240V AC				
Rated Frequency (Hz)	50				
Efficacy (lm/W)	90				
Colour Temperature (K)	6500 - Cool Daylight				
Lifetime (hrs)	25,000				
Wattage Comparison to CFL Lamp	5	7	10	14	20
Wattage Comparison to GLS Lamp	25	40	60	75	100
Key Features	Durable				
	Lower energy consumption				
	High lumen output				
	87% energy saving compared to GLS				
	RoHS Compliant				
	Very low heat emission				
	Heat sink available				
	Electrical noise filter available				
	Surge suppression resistor (Varistor)				
	Can operate on a wide voltage range of 160V AC - 265V AC				
Instructions	Use only for indoor applications				
	Do not use this LED with dimming circuits/switches				
	Do not use in air tight luminaires or enclosed fittings				
	Do not use in ambient temperatures below 0°C and above 45°C or in damp or moist areas
